CAREER OBJECTIVE

Integrated MCA student graduating in 2027 with practical experience in blockchain development, smart contracts, decentralized applications, and full-stack software development. Experienced in Solidity, Hardhat, MetaMask, and React.js through blockchain internship and project work. Interested in blockchain education, technical mentoring, and helping students understand and apply Web3 technologies through practical learning.

TECHNICAL SKILLS

Blockchain & Web3: Solidity, Smart Contracts, Hardhat, MetaMask, Decentralized Applications (DApps)
Programming Languages: Java, Python, JavaScript, C, C++
Frontend: React.js, Next.js, HTML5, CSS3
Backend: FastAPI, Node.js, Spring Boot, PHP, REST APIs
Databases: PostgreSQL, MySQL
Cloud & Deployment: AWS EC2
Developer Tools: Git, GitHub
Software Engineering: Object-Oriented Programming, API Development, Agile/Scrum

EXPERIENCE

Blockchain Developer Intern — Kerala Blockchain Academy, Thiruvananthapuram, Kerala *September 2024 – November 2024*
- Developed a decentralized scholarship platform using Solidity smart contracts and React.js.
- Designed and tested smart contracts using Hardhat and integrated blockchain functionality through MetaMask.

Software Development Intern — AinSoft Solutions Pvt. Ltd., Thiruvananthapuram, Kerala *June 2026 – July 2026*
- Contributed to backend API development and application integration tasks for an e-commerce platform during a hybrid internship.
- Developed and enhanced React-based web pages, supporting front-end functionality for the platform.

PROJECTS

EduFund — Decentralized Scholarship Platform | Solidity, Hardhat, React.js, MetaMask
- Developed a decentralized scholarship platform using Solidity smart contracts and a React.js frontend.
- Implemented and tested smart contracts using Hardhat and integrated blockchain functionality through MetaMask.

RetailSphere AI — Intelligent Furniture Retail & Custom Manufacturing Platform | *FastAPI, PostgreSQL, React.js, AI (Ongoing – Final-Year Project)*
- Designing and building an AI-enabled web platform that integrates furniture retail with customized order and manufacturing workflows, using a FastAPI backend and PostgreSQL database.
- Developing modules for customer, product, inventory and worker management alongside order and production tracking, with an ongoing focus on AI-driven functionality.

Arcade — E-Learning Platform | *Next.js, Spring Boot (In Progress)*
- Building an e-learning platform with a Next.js frontend and Spring Boot backend to deliver course content and educational resources.

PlayTown — Toy Store E-Commerce Website | *PHP, MySQL, JavaScript, HTML, CSS, AWS EC2*
- Built a full-stack e-commerce website with user authentication, product catalog, shopping cart and order management, deployed on AWS EC2.

SWIFTAID — Ambulance Booking System | *PHP, HTML, CSS, JavaScript, MySQL, AWS EC2*
- Built a web-based ambulance booking system with user authentication and a responsive interface supporting emergency and scheduled bookings.

EDUCATION

Integrated Master of Computer Applications (MCA) - Amal Jyothi College of Engineering(Autonomous) | CGPA: 9.1 *2022 – 2027*
Class XII - NSS HSS Karukachal | Kerala State Board | 94.75% *2022*
Class X - Vidyananda Vidya Bhavan | CBSE | 85.6% *2020*

CERTIFICATIONS

- Blockchain Internship Program – Certificate of Completion — Kerala Blockchain Academy (2024)
- BlockHack 2024 – Certificate of Participation — Kerala Blockchain Academy (2024)
- Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate – Oracle
- Professional Scrum Fundamentals / Scrum Certification
- Google Cybersecurity

ACHIEVEMENTS & ACTIVITIES

- Intellectual Property Rights Cell — Representative: Guided students on intellectual property rights and assisted with patent filing procedures and related documentation.
- I2U (Idea to Utility) Funded Project Holder — Phase 2, College-Funded Interdisciplinary Project.
- Patent Application in Preparation – Self-Cleaning Washbasin for Public Use
- Intern Hub – Program & Academic Support: Assisted faculty with academic coordination, documentation and institutional program activities.
- NASA Space Apps Challenge (2024 & 2025) — Volunteer, Technical Committee (2024) and Finance Team (2025)
